## Lot 2 : The Coombes, Barkham

Coombes Lane, Barkham, Wokingham, UK

### DESCRIPTION

#### Lot 1

An attractive block of woodland located at Barkham in the Borough of Wokingham comprised of predominantly mixed species, deciduous trees extending to approximately 60.3 acres (24.40ha). The woodland comprises a wonderful variety of stand types from open oak and birch woodland, high forest oak and mixed broadleaf and sweet chestnut coppice to more alkaline areas of oak and ash over hazel and ash /alder coppice along a spring line. Around 95% of the woodland is classed as ancient semi-natural woodlands (ASNW).

The site includes numerous historic environment features including old wood banks, a range of veteran trees and some old gravel workings.

The woodland has seen little active woodland management in recent years and there are lots of opportunities for management to enhance the woodland. Due to its ASNW status the woodland may be eligible for government grants to support a range of sustainable woodland management. The woodland presents an ideal opportunity for coppicing, timber and firewood harvesting, tourism opportunities (STPP) and potentially natural capital and biodiversity offsetting.

#### Lot 2

An attractive meadow adjoining the woodland of approximately 7.64 acres (3.09 ha) comprising mixed species permanent pasture which has been managed for grazing and hay and haylage and a small area of adjoining woodland.

The meadow presents opportunities for livestock grazing, haymaking, tourism opportunities (STPP), potentially natural capital and biodiversity offsetting.
